

MEETING THE MOMENT

The Campaign for Interfaith Neighbors

MAXIMIZING POTENTIAL TO HELP PEOPLE LAUNCH INTO A CAREER WITH TRAINING, EDUCATION, AND SUPPORT FOR SUCCESS.

Interfaith Neighbors' SOAR program helps those who qualify maximize their potential, and SOAR into a career! SOAR colleagues participate in intensive success skills training, earn a scholarship into a fast-track professional certification program and become eligible for a wide range of support services to ensure their long-term success.

The SOAR Program Educational Scholarship Endowment will provide individual scholarship funds for SOAR colleagues who decide to pursue a professional certification in their chosen career path. These educational programs are generally between eight and sixteen weeks in length and range in cost, including support services, between \$4,000 - \$10,000 per colleague, depending on the career track. These educational programs all have appropriate accreditation and their graduates have high rates of success in finding and retaining "career pathway" employment. Some of our educational partners include Brookdale Community College and the Advantage Career Institute.

Every SOAR colleague that successfully completes the Interfaith Neighbors' intensive success skills training program is eligible for financial support for their professional education. Proceeds from the SOAR Educational Scholarship Endowment will provide direct support for these scholarships.

- >> **The Meeting the Moment Campaign will seed the SOAR Educational Scholarship Endowment with at least \$500,000.**
- >> **A \$100,000 Scholarship Endowment will generate approximately \$4,000 each year, in perpetuity, in scholarship funds.**
- >> **Contributors to the Endowment can establish a named fund with a minimum gift of \$50,000.**
- >> **Donors to the SOAR Educational Scholarship Endowment will have the opportunity to meet and/or stay up-to-date on the progress of scholarship recipients as they launch their careers.**
