Interfaith Neighbors

Neighbors Helping Neighbors

DO YOU KNOW INTERFAITH NEIGHBORS?

Interfaith Neighbors is a not-for-profit, 501(c)3 corporation that works to assist those less fortunate among us to meet life's basic necessities, while seeking to improve the quality of life for individuals and families and the communities in which they live. Formed in 1998 through a coalition of churches and synagogues, our focus on "Neighbors Helping Neighbors" includes programs that provide affordable home ownership, rental assistance, nutrition, basic life skills, job training, and opportunities for volunteerism.

MEETING NEEDS - BUILDING COMMUNITY - CHANGING LIVES

The Rental & Mortgage Assistance Program helps over 500 Monmouth County families each year to stay in their homes and avoid homelessness. Support ranges from one-time rent or mortgage payments to several months of assistance for families facing a short-term financial crisis. As a result of the COVID-19 Health Pandemic, our levels of service have more than doubled, helping families who have been financially impacted by the pandemic.

The Monmouth County Nutrition Program (Meals on Wheels of Monmouth County) prepares and delivers over 1,100 hot, nutritious meals daily and provides a friendly face and conversation to the elderly and physically disadvantaged of Monmouth County. Over 125 dedicated volunteers, who log over 75,000 hours annually in service to their neighbors across Monmouth County, make this possible.

Interfaith Neighbors Affordable Housing Program makes the dream of home ownership possible for low-income local families. Starting with a donation of \$25,000 from NJ Natural Gas, Interfaith Neighbors has improved neighborhoods by identifying and acquiring vacant or blighted properties. Since the program's inception, over 58 detached, single family homes have been constructed in Asbury Park, Neptune and Long Branch.

Interfaith Neighbors' West Side Neighborhood Revitalization is a comprehensive, community revitalization effort to benefit the Westside neighborhood of Asbury Park. Focused on building a healthy and equitable community, the plan addresses the need for affordable housing, economic development, and needed social programs to encourage business growth and strengthen neighborhoods. Initiatives funded to date include the development of the Springwood Center complex, 46 units of affordable housing, the Rights of Passage Covenant Homes for young men and young women, neighborhood public safety enhancements, multiple youth recreation facilities, and community training events that have been attended by over 5,600 area residents.

The Kula Urban Farm is a "state of the art" greenhouse that produces vegetables and herbs traditionally (soil grown) and hydroponically (without soil). The farm functions as a social enterprise, selling its produce to local residents and restaurants. The farm also hires local residents providing an entryway back into the workforce, job training and work experience. The Farm without Borders program builds and maintains community farms located on vacant lots in the community. The community is engaged in farm maintenance and the full harvest of these Farms without Borders is dedicated to community members.

The Launch Center helps individuals on their career pathway. Meeting individuals where they are on that journey, the Launch Center offers community workshops, life coaching, employment training and experience programs, job placement, entrepreneurial and small business training and coaching and much more.
